

Mwango Kambayenda

Computer Scientist Professional

30950 Chalala . Lusaka, Zambia |kambayendamwango@gmail.com| +260978899812 / +260779835893

PROFESSIONAL SUMMARY

Detail-oriented and results-driven Computer Scientist with specialized expertise in Software Development and Networking, focusing on Artificial Intelligence. I have gained practical experience through various projects and coursework. Proficient in creating innovative software solutions and improving network systems. As a strong communicator and collaborator, I am dedicated to enhancing technology education for children by teaching a variety of IT courses. I have already completed a course in project management and am currently advancing my skills through ongoing professional development in AI applications. Additionally, I am proud to be a selected Global Change Maker.

KEY SKILLS

Professional Skills

- Networking
- Mobil And Web Development
- Project Management
- PC Hardware and Troubleshooting
- Communication Skills
- Pedagogical
- Information System Management

CAREER HIGHLIGHTS

- Selected as a Global Change Maker after completing my project management course, collaborating with peers to drive social change through technology.
- Selected to volunteer at the Mozilla Firefox Festival 2024, engaging with participants and supporting projects focused on internet openness.
- Recognized as a finalist upon completing my degree program, demonstrating dedication and readiness for professional challenges.
- Developed an AI mobile application for breast cancer detection, showcasing my passion for using technology to address critical health issues.
- Committed to innovation and community involvement within the tech industry through various initiatives and projects.

PROFESSIONAL EXPERIENCE

- **Software Engineer(Intern) at Afrocentec Software Development Company:**
Developed both fin-tech and tailored software solutions and collaborated with cross-functional teams.
Enhanced technical skills by implementing robust applications.
- **IT Teacher - Algorithmics International School of Programming:** Taught foundational programming concepts to young learners.
- **Networking Experience Intern:** Gained hands-on experience in networking and installation of CCTV cameras.

- **IT Instructor – Learning Ladder International School:**

Delivered ICT lessons and developed students' digital skills while managing and maintaining the school's digital devices and technology infrastructure. Administered and provided support for educational software applications, including the Oxford learning system and other learning platforms.

- **IT Instructor And Coordinator - Anvil Coding Academy :** This role helped me by managing of all computer related devices and computational aspects including communication skills, My operations included installing of operating systems and installing all software applications required,asides that I was teaching students different IT related courses.

EDUCATION

- DMI-St Eugene University, Central, Zambia | Bachelor of Science in Computer Science(2021-2024)
- Global ChangeMakers School,Online | Project Management Certificate(Three Months)
- City Of Hope Secondary School,Lusaka, Zambia | O' Level Certificate(2015-2019)
